

Town of Rocky Hill
761 Old Main St.
Rocky Hill, CT 06067

LAWN IRRIGATION POLICY

The Town of Rocky Hill as a general practice **does not allow lawn** irrigation within the Town street right of way or easement as this area is reserved for sidewalks, signs and utilities. If the town were to work within there right of way and damage the lawn irrigation, the town is not responsible for its damage.

Effective July 28, 2014

LAWN IRRIGATION INSTALLATION

If a homeowner must install sprinklers with in the Town of Rocky Hill street right of way or easement, the following conditions shall be met:

1. The property owner or his agent (installer) must have on file a schematic of said irrigation system and must have secured the necessary applications and permits with the Building Department and Engineering Department as per Chapter 212, section 212-1 of the Town Code. All applications must be secured and approved before installation work begins and approved and inspected before use.
2. A street excavation permit shall be obtained by the licensed installer. All conditions of the permit, including "Call Before You Dig" ticket, insurance and bond must be posted with the Engineering Department. If the installer is not bonded, all work with in the right of way/easement must be performed by hand (no machines).
3. A waiver (below) holding the Town of Rocky Hill harmless for all liability from work by the installer and future damage to the sprinklers by work performed by the Town with in the street right of way or easement must be signed.

LAWN IRRIGATION WAIVER

I hereby assume all responsibility for any damage, loss or expense to lawn irrigation sprinkler heads and piping systems and further agree to indemnify and hold harmless the Town of Rocky Hill from any damage resulting from any work performed by the Town or its contractors with in the Town rights of way and easements.
