The official workweek of regular full time Town employees shall be a five (5) day, forty (40) hour workweek which includes a one hour lunch period.

2. Absences, Tardiness and Early Departures: For unsatisfactory reasons shall be grounds for disciplinary action by the supervisor. Employees shall not be paid for the time lost due to absences, tardiness and early departures for unsatisfactory reasons. Upon the request of a supervisor, the Town Manager may adjust the hours of any individual employee. The Town Manager, in changing the hours of work, may also adjust the employee's pay, if he/she believes it is warranted.
3. Sick Leave: Sick leave with pay shall be granted to all full time permanent and probationary employees at the rate of one and one-half (1-1/2) work days for each full month worked. Sick leave shall not be considered as a privilege which an employee may use at his discretion, but shall be allowed only in case of actual sickness, disability of the employee, or at the discretion of the supervisor in the case of sickness in the immediate family, requiring his attendance upon the ill member, medical-dental appointments or quarantine restrictions. For employees hired prior to July 1, 2014, sick leave is to be accumulated without any maximum limit during the employee's period of service. For employees hired after July 1, 2014, sick leave may be accumulated to a maximum of two hundred (200) days.

Continued abuse of the sick leave privilege shall be considered sufficient cause for suspension or dismissal. To receive compensation while absent on sick leave, the employee shall notify his/her supervisor, prior to the time set for beginning his/her daily duties, as may be specified by the supervisor. Failure to notify the supervisor prior to the employee's starting time, or within one half (1/2) hour of said time, may subject employee to disciplinary action.

A physician's statement detailing the illness and a return to work date may be required for any employee out three (3) consecutive days or more. Where a certificate is requested and is not presented, at the discretion of the supervisor, such absence may be applied to the balance of any approved leave, to leave without pay, or may be grounds for disciplinary action. An independent physician's examination (fit for work examination) may be required for any employee suspected of abusing the sick leave privilege. If an employee is found NOT FIT for duty, consequences shall be in accordance with laws of the State of Connecticut.

A request for sick leave form must be filled out immediately upon the employee's return to work.

Sick leave shall be recorded regularly in the personnel records, and the Town Manager shall review all such records periodically. Sick leave pay shall supplement weekly accident and sickness payments made under the Town's insurance program so that the employee receives his full pay and not full pay plus accident and sickness payment. The employee's sick leave account will be charged on a pro rata basis (percentage of total payment represented by sick leave).

4. Holidays: Any full time employee in the Town Hall and Library shall be granted time off with pay for the holidays listed below:

Bereavement Leave: Full time permanent employees shall be granted a leave of absence with pay for a maximum of three (3) days for the purpose of attending funerals in their immediate family or for the purpose of attending to other family obligations related to the funeral in the immediate family as defined in Rule 2(3), provided such leave is approved, by their supervisor and the Town Manager. For others not included in this section, approval may be obtained on a case-by-case basis from the Town Manager. When warranted, the Town Manager upon request may authorize additional bereavement leave.
6. Other Leave: Leave with pay may be authorized for duly accredited delegates to attend State or National meetings of professional societies and organizations, as well as for the purpose of attending approved training courses and professional conference after an employee completes his/her required probationary period. Leave of absence with pay may also be granted for other than the above purpose if in the opinion of the Town Manager, such leave shall benefit the interests of the Town.
7. Injury Leave: Injury leave, as distinguished from sick leave, shall mean paid leave given to an employee due to the absence from duty caused by an accident or injury that occurred while the employee was engaged in the performance of his duties. The Town shall supplement payments due the employee under Workers' Compensation so the employee will receive full pay during his absence for a period not to exceed twelve (12) weeks and employees signs over the Workers' Compensation weekly benefit checks to the Town. In the event of an injury causing temporary disability and absences of less than four (4) days, the employee shall receive his regular salary for such periods since payments are not made under Workers' Compensation for such accidents. disability or death resulting from an accident on the job, supplemental payments shall be made to the employee, or the employee's next of kin, for a period not to exceed six (6) months. 8. Military Leave: Military leave not to exceed fourteen (14) days annually shall be granted to full time permanent employees when required to serve on active duty, reserve, or National Guard duty, and the employee's regular salary shall be continued provided the employee signs over military pay to the Town. In the case of a permanent full time employee who is a member of any military reserve unit or National Guard being called to duty because of a national emergency, the Town shall pay the excess, if any, of that employee's base pay at the time of the call to duty over the total compensation received for military service. The employee may purchase Town health insurance, if desired, if not covered by the military. The employee must provide the Town with copies of pay stubs showing his/her military service pay. The employee will not continue to receive this benefit if he/she does not return to his/her Town job within fourteen (14) days after National emergency or orders have ended or release from the military. The employee will not lose any seniority but no additional benefits will be earned.

In the event of death, this benefit will cease immediately. This shall be for a period of the emergency only. This shall apply to all full time Town employees who work regular 35/40-hour workweeks. Payment under this benefit shall be made on a monthly basis. This is in addition to any State or Federal regulation (This incorporates a policy adopted by the Town Council in October 1990).

9. Absence Without Leave: An unauthorized absence from duty during required hours of attendance, whether for a day or more, or for any part of a day, shall be treated as absence without leave. Such absence may be made grounds for disciplinary action. Where conditions warrant and adequate reasons are given for failure to secure prior authorization, the absence may be authorized by a later grant of leave. If an employee is absent without leave for four (4) consecutive days, his employment with the Town automatically terminates.
10. Loss of Holiday, Vacation or Sick Leave: If an employee is suspended for ten (10) or more working days in any calendar month, or is absent without leave for two (2) or more days in any calendar month, he does not accrue any vacation or sick leave for that month. Any holiday occurring in conjunction with leave without pay, or during an employee's suspension, shall be forfeited by the employee.
11. Rest Periods: Each full time employee shall be permitted a ten (10) minute rest period during each half of the daily schedule, if convenient to the operation of the Town and the department work schedule; otherwise, time shall be at employee's desk.

15 years	20 days

Earned vacation must be taken during the calendar year. Employees may carry-over a maximum of ten (10) vacation days to the next calendar year without the prior approval of the employee's respective supervisor or the Town Manager. With the prior approval of the supervisor and the Town Manager, vacation may be carried over to a specified date in the ensuing year, if the department work schedule precludes taking vacation within the calendar year.

Vacation Leave, Professional Staff, Town Hall: In addition to receiving the annual leave noted in #12 above, Town Hall professional staff will receive additional annual leave as follows:

- a. Full time professional staff with one (1) through nine (9) years of service shall be entitled to two (2) additional vacation days.
- b. Full time professional staff with ten (10) years of service and above shall be entitled to four (4) additional vacation days.

Vacation time will not be accrued during an employee's extended absence after twelve weeks of absence.

Requests for vacations must be submitted to the employee's supervisor at least one (1) week in advance of the starting date. Vacation leave requests must be approved by the supervisor and the Town Manager. In the case of Directors or Department Heads, the Town Manager must approve all vacation leaves prior to the vacation. In the event of any conflict on dates when vacation leave is requested, seniority shall govern priority. Vacation leave shall be scheduled within a department so service is not adversely affected. The employee's

supervisor shall determine vacation schedules. No more than two (2) weeks' vacation may be used at any one time without prior written permission from the Town Manager. Requests for vacation beyond two (2) weeks at any one time will only be granted for extenuating circumstances and will not be granted if deemed detrimental to the operation of the employees department. Requests not filed for extended vacation leave in a timely manner will be automatically rejected. The Town reserves the right to limit the number of employees on vacation at any one given time, but within these limitations seniority shall govern. Under no circumstances shall personal time be combined with vacation time to extend or take additional vacation.

A full time employee who works less than six (6) months shall not be entitled to a vacation or vacation pay, upon separation. For full time employees who have worked longer than six (6) months will receive payment for all vacation time upon separation. Payment will be at the time remaining on the books after deducting any vacation time used for the balance credited on January 1st of each year.

Up to a maximum of four (4) weeks, the Town will make payments to supplement the sum paid by others for jury duty in order to provide the employee with his normal daily and weekly compensation. Jury leave may be extended up to an additional three (3) weeks, with the Town's payment reduced to provide the employee with two thirds (2/3) of his normal daily and weekly compensation for this additional period. To receive the Jury Leave payments described above, the employee will be required to execute an agreement similar to one described in Appendix B.

An employee who has accumulated leave balances shall use available leave balances for FMLA in the following order: sick time, personal time, and vacation. All FMLA leave shall run concurrently with any leave granted pursuant to workers' compensation leave or any other law or collective bargaining agreement. Health insurance will continue to be provided and the employee will continue to make any premium share contributions even if they have exhausted all leave balances.

Employees requesting FMLA must provide the Town with appropriate notice, if the employee knows in advance that they will need FMLA as soon as the need for FMLA is known. The Town will then respond in writing within five (5) days as to whether FMLA has been granted. Pursuant to federal law, FMLA may be granted once in a twelve month period (with the twelve month period being defined as twelve months from the actual start date from a previously granted FMLA).

The Town may request a medical certification from the employee. If there is a request for medical certification, the employee must provide said certification within fifteen (15) days of the request. It is the employee's responsibility for the cost of providing said certification from the health care provider. If intermittent, the certification should include an estimate of how much time you will need for each absence, how often each absence will be required and information establishing the medical necessity for taking such intermittent leave.

If the Town finds the necessary information is missing from the certification, it must notify the employee in writing of what additional information is needed to make the certification complete and the employee must provide the missing information within seven (7) calendar days.

If the Town has concerns about the validity of the certification, it may request a second opinion at the Town's expense. If the first and second opinions differ, the Town may request a third opinion at the Town's expense.

The Town also recognizes subsequent counseling and treatment for the employee MAY BE the appropriate course of action. The Town is NOT obligated to treat employees with drug/alcohol dependency issues and reserves the right to deny any treatment as a condition of continues employment. The course can be voluntary by the employee or mandated by the Town. The Town reserves the right to take disciplinary actions up to and including termination and will make that determination on a case-by-case basis.

The use, sale, possession or distribution of illegal drugs or the use of legally prescribed drugs in a manner not directed by a licensed physician, while at work, whether on or off Town property is strictly prohibited. Appearing under the influence of alcohol and/or drugs while at work is in direct opposition to the Town’s zero tolerance policy and is strictly prohibited. Any employee presenting for work must be in sound mental and physical condition to operate machinery, drive Town vehicles and be able to function to the maximum potential without any impairment, related to drugs and/or alcohol. Supervisors, who have a reason to suspect possible impairment, must address this issue and enforce the zero tolerance policy provisions immediately. The refusal by an employee with documented substance abuse to participate in a substance abuse screening, counseling and/or treatment program will result in disciplinary action up to and including termination. Failure to comply with a treatment plan will result in immediate termination.

The employee must voluntarily enter a substance abuse treatment program either with the Employee Assistant Program (hereinafter known as the “EAP”) or with an outside source when directed by the Town. Any employee who successfully completes an outpatient or inpatient substance abuse program may return to active employment with the approval of his/her supervisor and the Town Manager and/or his/her designee. However, the Town reserves the

right to know whether or not the employee is active and participating in a program and if the employee is in compliance with the conditions of a treatment contract with the Town. After successful treatment and placement in Relapse Prevention Program, the employee may return to work and/or full duties associated with his/her job. A second offense will result in immediate termination.

All applicants for employment are required to successfully complete a urinalysis drug/alcohol test as part of the pre-employment screening process. A positive screen will be considered sufficient grounds to disqualify an applicant from employment with the Town. Prospective applicants who have positive test results will be allowed to reapply for employment with the Town after waiting a period of six months, but will be required to successfully complete a urinalysis drug/alcohol test prior to employment.

The Town reserves the right to require an employee to undergo a medical evaluation and, when applicable, a urinalysis drug screening test, when there is reasonable suspicion that the employee is working under the influence of drugs and/or alcohol. Involvement in a work-related accident caused by suspected impairment of judgement or physical and/or mental ability may also result in an employee having to undergo medical evaluation and, where applicable, a urinalysis drug screening. A positive urinalysis test result will be considered sufficient grounds for disciplinary action up to and including termination. Refusal to have a urinalysis screen performed will automatically be considered a “positive” test result and will follow with immediate termination of employment.

The Town also reserves the right to randomly conduct urine tests for drugs and/or alcohol for employees who are in occupations designated as “safety-sensitive” occupations, which is defined by the Federal Transit Authority and described on pages 34 and 35 of this policy, and/or hold CDL licenses with the State. Employees who are selected must report as directed for testing. A positive test result will be sufficient grounds for disciplinary action up to and including termination. Determination of action will be on a case-by-case basis.

Failure to cooperate fully with the requirements of any drug/alcohol-screening test, including accurate completion of the required documentation will result in termination of employment.

An employee or applicant whose urine test result is positive may request a re-test of the original specimen. This request must be in writing to the Town within fifteen (15) days. All costs associated with a re-test under this program must be prepaid by the employee or the applicant including shipping and handling, transportation and testing. If the result is negative, the Town reserves the right to require the employee or applicant to provide a new urine sample for testing.

The legal use of prescribed drugs is permitted on the job if such use does not impair the employee’s ability to work safely and does not endanger and/or place other employees at risk provided in accordance with directions of the employee’s physician. Employees must keep all prescribed medications in the original container, which identifies the drug, date of the prescription, dosage and prescribing physician.

IMPLEMENTING REGULATIONS ON DRUG AND ALCOHOL USE FOR ALL EMPLOYEES

This policy is designated to enhance productivity, safety and to foster excellence by maintaining a safe and productive environment for employees. The Town maintains a strong commitment to enforcing a zero tolerance drug and alcohol free work environment and has adopted this policy to provide guidance to supervisors and employees in dealing with the issue of substance abuse. This policy is applicable to all Town employees and previously described herein. The Town reserves the right to conduct drug and/or alcohol tests for an applicant and/or current employee(s) in accordance with state and federal laws.

To further ensure the Town's commitment to providing a drug/alcohol free environment we have adopted the following policy:

- An employee and supervisor education training program;
- A drug and alcohol-testing program for employees and applicants for employment in safety sensitive and non-safety-sensitive positions;
- Procedures for evaluating employees who violate the drug and alcohol abuse policy; and,
- Administrative procedures for record keeping, reporting, releasing information and certifying compliance.

EMPLOYEE CATEGORIES SUBJECT TO TESTING

All employees will be subject to the Town's drug/alcohol policy. Participation in this drug and alcohol policy is a condition of employment for all employees.

The Federal Transit Authority (hereinafter referred to as the "FTA") has determined that the term "safety sensitive" applies to all employees in a position to perform the following functions: (a) operate revenue service vehicles; whether or not the vehicle is in revenue service; (b) operate non-revenue service vehicles that require drivers to hold a Commercial Driver's License (CDL); (c) dispatch or control revenue service vehicles; and (d) maintain revenue service vehicles or equipment used in revenue service. In addition, the following positions have been determined by the Town:

- All bus operators; CDL License holders, heavy equipment operators, truck drivers, any and all Town owned and insured vehicles operated by personnel either full time or part time employed volunteer status and/or contracted, etc.;
- All maintenance personnel using revenue service vehicle and/or equipment; and
- All dispatchers.

This list is subject to amendment at any time. Supervisors who perform or who are likely to perform safety-sensitive functions also are considered safety-sensitive employees and will be included in the drug and alcohol testing program applicable to all safety-sensitive employees.

PROHIBITED CONDUCT

ALCOHOL

Employees must not consume alcohol: 1) while performing a safety-sensitive function; 2) prior to performing a safety and non-safety-sensitive functions; and 3) for up to eight hours following an accident or until the employee undergoes a post-accident test, whichever occurs first. (NOTE: An on-call employee will be allowed to acknowledge, at the time she/he is called to duty, that she/he used alcohol and to indicate whether she/he believes she/he is capable of performing his/her duties. The Town will test ALL on-call employees who acknowledge alcohol use but want to report for work and perform their duties. Under Town regulations, on-call employees who admit drug/alcohol use are not subject to discipline for admitting such use. However, subsequent admittance of drug/alcohol use while on “on-call status” may result in a disciplinary action up to and including termination.) As referred to in this policy, alcohol means any food, beverage, mixture or preparation, including any medication, containing ethyl alcohol or other low molecular weight alcohol. FTA regulations currently prohibit the performance of safety-sensitive functions when a prohibited alcohol concentration level is detectable.

DRUGS

Employees are strictly prohibited from using or ingesting illegal drugs at any time. Manufacturing, distributing, dispensing, possessing or using controlled substance in the workplace is prohibited, pursuant to the Drug-Free Workplace Act. Pursuant to the Town’s zero tolerance policy, any employee who illegally manufactures, distributes, dispenses, processes, sells, attempts to sell, or arranges to sell a controlled substance to any other person while on duty, whether on or off Town property, or on Town property whether on or off duty, shall be subject to discipline up to and including termination. As referred to in this policy, controlled substance or drug means a stimulant, hallucinogenic narcotic, cannabin, or derivation or combination thereof, or any other substance as controlled by law. Pursuant to Town policy, this definition also applies to any other substance that impairs one’s ability to perform his/her job fully and safely. Town policy currently prohibits the performance of safety-sensitive and non-safety-sensitive functions when a prohibited level of any one or more of the four groups specified on page 41 of this policy is detectable in the employee’s urine or indicated by evidential breath testing.

DRUG AND ALCOHOL TESTING PROGRAM

Employees will be subject to testing pursuant to Town policy as describe herein. Testing all employees and applicants over and above the requirements of FTA regulations is performed pursuant to separate authority of the Town.

Any testing procedures utilized by the Town will conform to applicable federal and state requirements and the Town will conduct the appropriate tests required by applicable law to determine if an employee has a controlled substance or a prohibited level of alcohol in his/her system.

Pursuant to Town policy, refusal by an employee to submit to required testing or failure to pass a drug or alcohol test will lead to disciplinary action up to and including termination. Refusal to take a test includes: outright refusal to submit to a test; inability to provide sufficient quantities of breath or urine to be tested without a valid medical explanation; engaging in conduct that clearly obstructs the testing process; or leaving the scene of an accident without a valid reason before tests are conducted without notifying the Town of where she/he can be located and reached for testing. Under the Town policy, refusal to take a test will constitute the equivalent of a positive drug/alcohol test.

Pursuant to Town policy, any employee who tampers with falsifies, substitutes, or adulterates and/or alters a urine sample, or breath test, or who attempts to do so, shall be subject to discipline up to and including termination.

The Town will adhere to all required standards of confidentiality. Testing records and results will be released only to those authorized to receive such information.

As a general policy, drug and alcohol testing may be conducted through the EAP office or conducted off Town property. Breath tests for alcohol and/or a urine sample may be requested. However, the Town reserves the right to administer breath tests separately from urine collections and to administer breath tests and/or urine collections on Town premises.

EMPLOYEE ASSISTANCE PROGRAM

The Town has a commitment to assist its employees, where appropriate, through the Employee Assistance Program (EAP). A program will be created to meet your specific needs. Family participation is warranted. Confidentiality is guaranteed. You may access the EAP personally or you may be directed to meet with the EAP by your Supervisor. Depending on circumstances, successful intervention by EAP may eliminate the necessity for a disciplinary action. For more and complete information on EAP services contact the Town's EAP Provider or the Town Manager's Office.

TESTING PROCEDURES

The Town will select an appropriate site and/or will use the EAP for the collection of urine and breath samples in accordance with Town policy. You will be provided, at a minimum, a private enclosure and toilet for urination, and facilities to wash your hands. You should expect to be treated with respect and dignity and all possible means should be exercised to protect your privacy. All steps will be followed to protect the employee and the integrity of the testing procedure, and the specimen itself to safeguard the validity of the test results. Proper identification should be provided should you be requested to produce the same.

Breath specimens will be collected through the use of an evidential breath test (EBT) device approved by the National Highway Traffic Safety Administration and will be administered by a breath alcohol technician (BAT) trained to proficiency in the operation of the same. (NOTE: Law enforcement officials certified by state or local governments to conduct breath alcohol tests are qualified as (BATS). For a test conducted by such an officer to be accepted under FTA alcohol testing regulations, the officer must have been certified by a state or local government to use the particular EBT used for the test.) If the result of the screening test is an alcohol concentration of 0.02 or less, no further testing is required, and the test results will be reported as negative. If the result is an alcohol concentration of 0.02 or greater, a confirmation test **MUST** be performed. The test will be conducted at least 15 minutes but not more than 20 minutes after the completion of the initial test. These steps will be taken to protect the employee and the integrity of the testing process, safeguard the validity of the test results and ensure the test results are attributed to the correct employee. You should be able to provide proper identification if requested to do so.

TESTING FOR CONTROLLED SUBSTANCES

Drug testing of employees will cover the following drug groups:

- Opiates
- Depressants (alcohol is included in this group)
- Stimulants
- Hallucinogens

While drug testing by the Town normally will screen the above listed drug groups, the Town reserves the right pursuant to its zero tolerance policy, to perform other tests for controlled substances.

TESTING FOR ALCOHOL

Alcohol testing of employees will use breath testing and/or urine testing. The Town reserves the right pursuant to its policy to perform drug/alcohol tests deemed necessary on any and all employees in order to enforce its zero tolerance policy.

ROLE OF THE MEDICAL REVIEW OFFICER (MRO)

All urinalysis drug results will be communicated by the laboratory to a specially trained physician serving as MRO. The MRO will notify the Town if an employee's test result is negative. If the test result is positive, the MRO will contact the employee to discuss the test, to determine if the positive result is valid and to notify the employee that she/he has 72 hours to request a re-test. The Town will be notified that the employee has tested positive or negative no further information will be released to the Town.

ROLE OF THE SUBSTANCE ABUSE PROFESSIONAL (SAP)

All employees who have a verified positive drug/alcohol test will be evaluated by a SAP or EAP to determine what assistance, if any, the employee needs to resolve problems associated with prohibited drug use or alcohol misuse. After evaluating such an employee, the SAP or EAP will recommend to the employee the steps if any she/he should take to resolve this problem. This can also be done through the EAP, as deemed appropriate.

Employees permitted to return to work following a positive test will be reevaluated by the SAP and/or EAP to determine the employee's compliance with SAP or EAP recommendations. After this evaluation, a recommendation to the Town or Department Head will be made with a follow-up program and/or relapse prevention program in place. There may also be a recommendation for random drug/alcohol screens following an employee's return to duty. A mutually agreed upon contract will be drawn up between the Town and the employee as a condition of continued employment. A breach or noncompliance with the contract conditions may lead to immediate termination.

TYPES OF TESTING

1. Pre-Employment
2. Reasonable Suspicion
3. Post-accident
4. Random
5. Return to work
6. Follow up testing

1. PRE-EMPLOYMENT TESTING

All applicants for employment and incumbent employees seeking transfer will be informed in writing of the testing requirements and will undergo pre-employment drug/alcohol testing. (NOTE: A positive drug test is one, which reveals a prohibited level of a controlled substance. A positive alcohol test is one, which reveals a blood alcohol concentration of 0.04 or greater. An employee who tests positive for drugs or whose alcohol test reveals a concentration of greater than 0.04 has failed the test.) The Town will not hire an applicant or transfer an employee to a safety-sensitive position unless the result of the applicant or employee's drug test is negative and the result of his/her alcohol test is less than 0.04.

The same procedure applies as previously mentioned for failed tests. In addition, an incumbent employee, by virtue of requesting a transfer to a safety-sensitive position, whose drug/alcohol test result is positive, will be subject to the same consequences as an employee whose results of a random drug or alcohol test were positive.

2. REASONABLE SUSPICION TESTING

Employees will be required to submit to a drug/alcohol test when the Town has a reasonable suspicion that the employee has used drugs and/or alcohol. A trained supervisor observing and/or detecting signs of alcohol and/or drug use may make a determination that reasonable suspicion exists, based on specific contemporaneous observations concerning the appearance, behavior, speech and/or body odors of the employee or any other factors in accordance with the supervisor's training. A form has been created which supervisors must fill out immediately. (See Exhibit "A").

The Town will direct an employee to undergo reasonable suspicion testing for alcohol, only if such observations are made within the workday. A reasonable suspicion test must be performed within 8 hours following a determination of reasonable suspicion. If a reasonable suspicion test is not performed within two hours after such a determination, the Town will prepare and maintain a record stating the reason the test was not promptly administered.

A written record leading to a controlled substances reasonable suspicion test shall be made and signed by a supervisor or Town official within 24 hours of the observation or before the test results are released, whichever is first.

The employee who undergoes reasonable suspicion testing will be removed from service pending the test results. Negative test results will return the employee to his/her duties with no loss of pay.

If the test results are positive, the employee will be removed from his/her position and will be subject to discipline up to and including termination. The Town will make this determination. Minimally, the employee will be subjected to the same consequences applied to employees following random position test results. The Town is NOT obligated to rehabilitate or treat employees with drug/alcohol dependency issues and reserves the right to deny any treatment as a condition of continued employment based on the Town's zero tolerance policy.

3. POST-ACCIDENT TESTING

Tests for the use of drugs/alcohol will be administered on the operator of the vehicle following the accident. Pursuant to Town policy and for purposes of this policy only, an "accident" is defined as an occurrence associated with the operation of a vehicle in which:

- An individual dies;
- An individual suffers from bodily injury and needs to receive medical treatment away from the scene of the accident;
- The vehicle involved incurs visual damage and/or is precluded from departing the scene and needs to be transported away by tow truck or other transporting vehicle.

When post-accident tests are performed, they will be conducted as soon as possible following the accident. Drug tests must be performed within 32 hours and alcohol test within 8 hours following the accident. If the employee has not submitted to an alcohol test within two hours of the accident, the Town will prepare and maintain on file a record stating the reason why the test was not administered promptly. If the alcohol test is not administered within 8 hours after the accident, the Town will cease efforts to administer the test and will be documented. The same procedure will apply if the drug test is not administered within 32 hours.

The testing requirements will not delay any needed medical treatment. An employee who is not available and/or does not inform the Town of his/her whereabouts will be considered by the Town as refusing to be tested and will be subjected to disciplinary action up to and including termination.

An employee subject to post-accident testing shall not consume alcohol for at least 8 hours following an accident or until he/she submits to the test, whichever comes first.

Testing after a fatal accident (loss of a human life) is mandatory for every employee on duty and in some way involved, by virtue of their presence, and/or the possibility that they may have in some way contributed.

Employees and supervisors shall follow these steps, post-accident:

1. Medical treatment for injuries.
2. Cooperation with law enforcement officers on the scene.
3. Conduct post-accident test as promptly as possible.
4. Collect and prepare accident documentation.
5. Any and all requirements as per Town policy and as such policy is amended from time to time.

Consequences of a positive test result in the employee's removal from duty until such time as the investigative process is concluded. The employee will be subject to disciplinary action up to and including termination. The Town reserves the right NOT to provide drug and/or alcohol treatment as a condition of continued employment. Each case will be determined on a case-by-case basis. Alternative administrative actions may or may not be offered. Continued employment will result in random drug/alcohol testing for an extended period of time not less than 12 months but not to exceed 60 months.

The Town has the discretion as to what it deems appropriate action.

4. RANDOM TESTING

Random testing will be conducted for all employees involved in safety sensitive function at a frequency established by FTA guidelines. Random tests will be unannounced and spread reasonably throughout the year. There will be no pattern to when random tests will be conducted, and all employees performing safety-sensitive functions will have an equal chance of being selected for testing from the random pool each time tests are conducted. Employees will remain in the pool even after being selected and tested. An employee, therefore, may be selected for a random test more than once per year.

Employees will be selected anonymously using an identification number having no correlation to actual employee names. Once notified of his/her random selection, the employee must report immediately to the collection site designated. It is incumbent on the person(s) conducting the random testing program to maintain the integrity of the program. If the randomly selected employee is not in work on the day selected, that employee will be directed to the collection site upon his/her return to work. In such an event an additional employee number will be selected for each absent employee.

The Town will remove the employee from his/her duties and will mandate an evaluation by a qualified person or EAP or SAP if the results of the tests are positive. Once the employee has completed a program recommended by a qualified person, EAP or SAP, the employee must be tested and test results must be negative before there can be a return to duties. In the interim, the employee will be suspended without pay, but will be allowed to retain medical benefits with the Town. Overall, any and all positive tests may result in a disciplinary action up to and including termination.

5. RETURN TO WORK TESTING

An employee returning to work after being removed for a positive drug/alcohol test must submit to a "return to work" test. Such test must be negative. If this test is positive, it is grounds for immediate termination. An employee returning to work who refuses to submit to this test and any other requirements pursuant to the Town's policy, state and/or federal laws may not return to work until the employee has followed all recommendations for rehabilitation and has been evaluated by a professional, EAP and/or SAP as able to return to work. If a relapse prevention program is required or any rehabilitation program is recommended the employee must comply. Follow-up drug/alcohol testing may be required by the Town as a condition of continued employment. The Town reserves the right not to treat an employee for substance abuse and chemical dependency. Each case will be determined on a case-by-case basis. If the return-to-work test is positive, this result shall be grounds for immediate termination.

6. FOLLOW UP TESTING

Employees who are permitted to return to work are subjected to unannounced follow-up testing for at least 12, but not more than 60 months. The Town will determine the frequency and duration of follow-up testing. Follow up testing is separate from the regular random testing program.

A positive follow-up test will result in immediate termination.

7. RE-TESTING AT THE EMPLOYEE'S REQUEST

Town policy may provide for a re-test procedure, which allows for an additional urine specimen to be collected from the employee at his/her request. An employee who urine test is positive may request the re-test be tested at a separate certified laboratory. Town policy requires the employee make such request within seventy-two (72) hours of learning of a positive test.

All costs associate with the re-testing must be prepaid by the employee, including shipping and handling, transportation, collection, testing and reporting to the MRO. If the result of the test is negative, these costs will be reimbursed to the employee. The Town, after its review, reserves the right to require the employee to provide a new urine sample for testing. If the test results are negative, the employee may be reinstated with no loss of seniority and paid for lost back wages.

8. NOTIFICATION OF CONVITIONS

Pursuant to the requirements of the Drug-Free Workplace Act, employees must notify the Town within five (5) days of any criminal drug statute conviction for a violation occurring in the workplace. Failure to report may result in disciplinary action up to and including termination.

9. CONTACT PERSON

These regulations require that a single contact person be identified to answer questions about the Town policy. The contact person for the Town is the Town Manager and/or his/her designee.

10. TRAINING FOR EMPLOYEES

Employees and supervisors who perform safety-sensitive functions will be provided with at least 60 minutes of training on the effect and indications of drug and alcohol use. Alcohol and drug information and literature will be available through the Town Manager and/or his/her designee and/or the EAP.

All employees will be required to sign a form indicating receipt of this Zero Tolerance Drug/Alcohol policy. All new employees will receive orientation and will sign off on that form. It will be the responsibility of each department head and/or the supervisor to make sure each employee has received a copy of this policy and has signed a form acknowledging receipt of the same. These signed forms will be maintained in the Personnel file of each employee (Exhibit "B").

11. TRAINING FOR SUPERVISORS

Supervisors responsible for determining when to administer reasonable suspicion test will receive at least 60 minutes of training on drug awareness and related matters and 60 minutes on alcohol education and related matters.

EXHIBIT A – REASONABLE SUSPICION DISCLOSURE

I, _____, an employee with the Town of Rocky Hill, am aware of the Town’s Zero Tolerance Drug and Alcohol Policy and the provision of the same to conduct “reasonable suspicion” urine and/or blood tests.

I understand that my supervisor, _____, who has received the required training has contemporaneously observed my appearance and/or behavior and/or speech and/or an odor of alcohol about me.

I understand that I will be removed from my job pending the test results. A negative test result will return me to my job without any loss of pay for the time lost pending the test result.

However, if the test results are positive, I understand that I will be subject to discipline up to and including termination.

(Note: any information regarding the possibility of criminal charges or activity shall be reported to the proper authorities immediately.)

4. The Title VII Officer shall summarize the facts in a report to the Department Head and/or the Town Manager for policy enforcement, review, remedy, disciplinary action up to and including termination and/or alternative remedy (EAP). **APPENDIX G – NOTICE OF CHANGES UNDER HIPAA TO COBRA;
CONTINUATION COVERAGE UNDER GROUP HEALTH PLANS**

On August 21, 1996, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) was signed into law (Pub.L. 04-191). HIPAA section 421 makes changes, described below; to three areas in the continuation coverage rules applicable to group health plans under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended. These three areas relate to the disability extension, the definition of qualified beneficiary and the duration of COBRA continuation coverage. These changes are effective beginning January 1, 1997, regardless of when the event occurs that entitles an individual to COBRA continuation coverage.

Section 421(e) of HIPAA requires group health plans that are subject to COBRA to notify, by November 1, 1996, individuals who have elected COBRA continuation coverage of these changes. The Department is issuing this release to apprise employers and plan administrators of the changes in the continuation coverage rules made by HIPAA and to inform them of their obligation under HIPAA to notify qualified beneficiaries of such changes. Such notification must be given to qualified beneficiaries by November 1, 1996. The following is a discussion of the specific changes in the continuation coverage rules made by HIPAA.

Disability Extension: Under current law, if an individual is entitled to COBRA continuation coverage because of a termination of employment or reduction in hours of employment, the plan generally is only required to make COBRA continuation coverage available to that individual for 18 months. However, if the individual entitled to the COBRA continuation coverage is disabled (as determined under the Social Security Act) and satisfies the applicable notice requirements, the plan must provide COBRA continuation coverage for 29 months, rather than 18 months. Under current law, the individual must be disabled at the time of the termination of employment or reduction in hours of employment. HIPAA makes changes to the current law to provide that beginning January 1, 1997, the disability extension will also apply if the individual becomes disabled at any time during the first 60 days of COBRA continuation coverage. HIPAA also makes it clear that, if the individual entitled to the disability extension has non-disabled family members who are entitled to COBRA continuation coverage, those non-disabled family members are also entitled to the 29 month disability extension.

Definition of Qualified Beneficiary: Individuals entitled to COBRA continuation coverage are called qualified beneficiaries. Individuals who may be qualified beneficiaries are the spouse and dependent children of a covered employee and, in certain cases, the covered employee. Under current law, in order to be a qualified beneficiary, an individual must generally be covered under a group health plan on the day before the event that causes a loss of coverage (such as a termination of employment, or a divorce from or death of the covered employee). HIPAA changes this requirement so that a child who is born to the covered employee, or who is placed for adoption with the covered employee, during a period of COBRA continuation coverage is also a qualified beneficiary.

Duration of COBRA Continuation Coverage: Under the COBRA rules, there are situations in which a group health plan may stop making COBRA continuation coverage available earlier than usually permitted. One of those situations is where the qualified beneficiary obtains coverage

under another group health plan. Under current law, if the other group health plan limits or excludes coverage for a preexisting condition of the qualified beneficiary, the plan providing the COBRA continuation coverage cannot stop making the COBRA continuation coverage available merely because of the coverage under the other group health plan. HIPAA limits the circumstances in which plans can apply exclusion for preexisting conditions. HIPAA makes a coordinating change to the COBRA rules so that if a group health plan limits or excludes benefits for preexisting condition but because of the new HIPAA rules those limits or exclusion would not apply to (or would be satisfied by) an individual receiving COBRA continuation coverage, then the plan providing the COBRA continuation coverage can stop making the COBRA continuation coverage available. The HIPAA rules limiting the applicability of exclusions for preexisting conditions become effective in plan years beginning on or after July 1, 1997 (or later for certain plans maintained pursuant to one or more collective bargaining agreements).

Effect of this Release: As noted above, the Department is issuing this release to advise employers and plan administrators of their obligation to notify, by November 1, 1996, qualified beneficiaries of these statutory changes. The Department, as matter of enforcement policy, will deem that supplying qualified beneficiaries with a written copy of the information described above (or with a copy of this release) constitutes compliance with the notice requirement in section 421(e) of HIPAA if this information is sent to each qualified beneficiary by first class mail at the last known address of the qualified beneficiary by November 1, 1996.
