About Our Team

A note from the Director:

Thank you for taking an interest in our *Citizen Emergency Response Team* organization. Our team is made up of highly trained volunteers who put an enormous amount of dedication into their community and their position. Whether it is at an emergency scene or dedicated hours in our town departments, we offer a large array of opportunities to serve our community. We offer availability in the Senior Center, Human Services, Library, Fire or EMS departments, based on the skill sets you can provide. I would like to take the opportunity to thank you for your interest in serving the community of Rocky Hill and look forward to meeting with you.

Stephen Pendt

Emergency Management Director

Non-Technical help needed.

If you are not interested in emergency skill sets development, we also provide training for personnel to assist with preparation, documentation and transportation as needed.

Administrative Needs

During any town wide emergency, the CERT team may be activated to assist emergency responders. During these activations it is imperative that proper documentation of the event is completed. We seek competent and capable personnel to assist in these areas.
